A Note from the Principal

Dear Students, Parents, and Staff,

As we move forward into an exciting new phase of learning and growth, I am thrilled to share some key moments that showcase the dedication, talent, and enthusiasm of our students and staff.

On **15th February**, we held our **Bifurcation Orientation Session** at the **EME Campus** to guide our students through the exciting journey ahead. This session provided clarity on the bifurcation process, allowing students and parents to make informed decisions about the next steps in their academic paths. We are committed to empowering our students and equipping them with the knowledge and skills necessary to succeed in their chosen fields, all while helping them explore their passions in Science, Technology, Engineering, and Mathematics. This is an important step toward **Empowering Future Leaders**, and we look forward to the bright futures our students will build.

In addition, we had the pleasure of celebrating our **Matric and O-Level students** with a heartfelt **Farewell Lunch**, hosted by their juniors at **Steak Studio**. The event was filled with warmth and emotion, and we wish our seniors all the very best for their upcoming exams and future endeavors.

We also celebrated a successful **Unit Closing** for our current theme, **Innovation and Progress**. Students showcased their projects and walked parents through their learning journeys, reflecting on how innovation has the power to drive progress in the world. Their hard work and creativity were truly inspiring. As we close this unit, we are excited to transition into our next theme: **Optimizing the Human Experience**. This will be an exciting exploration of how we can enhance human potential through innovation, collaboration, and critical thinking. I am confident that our students will continue to impress with their curiosity and drive.

Finally, with Ramadan just around the corner, we extend our warmest wishes to all our students, staff, and families. May this blessed month bring peace, reflection, and togetherness. We look forward to celebrating this special time with our school community. **A special shout-out** goes to our **ICATS English students**, who have truly excelled in their recent assessments. Their hard work and commitment to learning have earned them recognition, and I am so proud of their accomplishments. Keep up the fantastic work !

Together, we continue to celebrate every achievement and step forward, as we nurture the leaders of tomorrow.

Warm regards,

Ayisha Salman

Principal,

DHA-EME, SOAR STEM Schools

THREE-WAY CONFERENCE: STRENGTHENING PARTNERSHIPS FOR STUDENT SUCCESS

SOAR STEM Schools hosted a Three-Way Conference for Early Years to O Levels on Saturday, 15 February, fostering meaningful collaboration between students, parents, and teachers. The conference provided a valuable platform for students to reflect on their progress, share their learning experiences, and set future goals. Parents and teachers engaged in insightful discussions, ensuring the right support and guidance to help students excel. By encouraging student ownership of learning and strengthening communication between all stakeholders, the conference reinforced our commitment to holistic education. Together, we continue to nurture future leaders!

UNIT CLOSING: INNOVATION & PROGRESS – A CELEBRATION OF LEARNING! 🚀

Our young innovators recently showcased their creativity and critical thinking at the Unit Closing for Innovation and Progress. This special event provided students with an opportunity to present their projects and walk parents through their learning journey. From hands-on models to research-based presentations, each exhibit reflected the students' understanding of how innovation drives progress in various fields. Parents engaged in insightful discussions with students, witnessing firsthand the depth of knowledge and problem-solving skills they have developed. The event not only celebrated the students' hard work but also reinforced the importance of curiosity, creativity, and perseverance in shaping the future. A big congratulations to our students and teachers for making this showcase a resounding success!

SENIOR SCHOOL FAREWELL: WISHING OUR MATRIC AND O-LEVEL STUDENTS THE BEST! 🌟

FEBRUARY 2025

As our Matric and O-Level students embark on the next chapter of their academic journeys, the junior students hosted a heartfelt Farewell Lunch at Steak Studio to celebrate their time at school and wish them all the best for the future. The event was filled with laughter, warm memories, and emotional goodbyes, as students shared their experiences and reflections. The juniors came together to honor their seniors' hard work, dedication, and the inspiring path they've paved for those following in their footsteps. It was a memorable day filled with delicious food and good company, as everyone came together to offer their best wishes and encouragement. To our dear Matric and O-Level students: may your exams be successful, and may your next steps lead you to greatness. Good luck, and remember to always reach for the stars!

SOAR STEM SCHOOLS SHINE AT ICATS ENGLISH LINGUISTICS CONTEST 2025!

We are delighted to share that our talented students from **SOAR STEM Schools (DHA-EME Campus)** participated in the **ICATS English Linguistics Contest 2025** and delivered outstanding performances! Their dedication and hard work have brought us immense pride.

Key Achievements:

- 1 Fahad Umer (Grade 3) – National Topper (96%)
- 1 Ayra Yaasir (Grade 3) – Provincial/Regional Topper (94.67%)
- 2 M. Aliyan Qureshi (Grade 4) – School Topper (89.33%)
- 3 Antalya Saad (Grade 3) – School Topper (85.33%)
- 5 Minsa Umer (Grade 2) – Excellent Performer (80%)

A heartfelt congratulations to all our participants for their exceptional achievements! Their hard work, perseverance, and passion for learning truly reflect the spirit of excellence at SOAR STEM Schools.

We extend our sincere appreciation to our dedicated teachers for their continuous guidance and support in nurturing these bright young minds. **Together, we continue to soar to new heights!**

Best of Luck to Our Matric Students!

As you step into this important phase of your academic journey, we want to wish each of you the very best for your Matric examinations. Your hard work, dedication, and perseverance have brought you this far, and we have no doubt that you will shine brightly in your exams.

Stay focused, believe in yourself, and give it your best shot! Remember, success is not just about the marks you score but about the effort and determination you put in.

May your hard work pay off, and may you achieve all that you have dreamed of. We are proud of you and rooting for your success!

Good luck! You've got this!

BIFURCATION ORIENTATION SESSION – EMPOWERING FUTURE LEADERS

On 15th February at 10:00 AM, we held a crucial **Bifurcation Orientation Session** at the **EME Campus** for the students of **SOAR STEM** Schools. This session was designed to guide and prepare our students for the exciting journey ahead as we split the academic paths to offer them more focused and specialized learning experiences. The session began with a warm welcome from the administration and provided a detailed overview of the bifurcation process, which includes a choice of subjects and career pathways. Students and parents had the opportunity to understand the new structure and ask questions, ensuring everyone felt confident and prepared for the transition. Our goal is to empower our students to make informed decisions and pursue their passions, whether in Science, Technology, Engineering, or Mathematics. This step is part of our continued commitment to **Empowering Future Leaders**, equipping them with the knowledge, skills, and confidence they need to succeed in an ever-evolving world. We look forward to supporting our students as they step into this new phase of their academic journey!

Morning Assemblies at SOAR STEM Schools

At SOAR STEM Schools, our **morning assemblies** serve as a powerful start to each day, setting a positive tone for learning and personal growth. These assemblies are more than just a gathering—they are a platform for **reflection, motivation, and community building**.

Each assembly begins with **Tilawat (Quranic recitation)**, followed by thought-provoking discussions, student-led presentations, and important announcements. Themes often focus on **character development, leadership, current events, and school values**, ensuring students are engaged and inspired. Special assemblies also celebrate national and global events, fostering a sense of awareness and responsibility.

Morning assemblies **build confidence, encourage public speaking, and create a strong school culture** where students feel connected and motivated. By starting the day with purpose and inspiration, we aim to develop well-rounded individuals who are not just academically strong but also compassionate and socially responsible.
